# COMMERCIAL DISINFECTION

For over 33 years, Thompson has provided industrial cleaning, sanitizing and disinfection services locally and throughout the United States. We share in your commitment to health and safety, and stand ready to serve during serious viral outbreaks.

As a fellow local business, we know how important it is to ensure your employees and customers can safely and confidently enter your facility, especially during the reopening phases that will continue throughout the year.

**How can you deliver peace of mind during a pandemic?**  
Partner with Thompson to create a **SAFER, CLEANER** environment for returning employees and customers.

Our highly trained disinfecting teams follow CDC and OSHA guidelines to thoroughly disinfect/sanitize your facility. We'll partner with you to create a routine cleaning schedule customized to your facility's size, budget and virus-prevention needs.

## OPTIONS INCLUDE:

- Daily, weekly or monthly.
- Flexible-term contract commitments including monthly, quarterly, semi-annual + annual options to suit your needs.
- Optional janitorial services: vacuuming, mopping, sweeping and on-site waste disposal.

## ROUTINE SERVICES INCLUDE:

- Wipe down of all hard surfaces.
- Wide range of hospital grade disinfectants approved by the CDC and EPA for killing COVID-19. These chemical offerings will be specifically tailored to each site's needs.
- CDC + OSHA trained personnel with regulated PPE dedicated to your site schedule.

## REOPEN BUSINESSES SAFELY

OFFICE BUILDINGS  
CHURCHES  
GYMS  
RETAIL
